## Mad Art Dance Drama Night

We would like to thank all of the children, family and friends that contributed to our MADD night at the end of term 3. What started out as a daunting task, and one we haven't done before, ended with a very successful night with the students having a great chance to show off the skills in music, art, dance and drama they have been working at so hard over the year. Special thanks must go to Sue Hardwick, who gave up a lot of her time and effort to work with students and provide instruments and music for their performances. A job well done by all involved!

## **Sport and Recreation's Swim and Survive starting soon**

Australian summers usually involve plenty of fun in and around the water, but no parent can forget how important it is to make sure children stay safe.

Sport and Recreation's Swim and Survive classes for preschoolers and school-aged children help youngsters learn important ways to be safe and enjoy our pools, rivers, beaches and lakes.

The intensive nine-day programs give wonderful results, and are great fun as well! Plus, family discounts make our program affordable for all the children in the family.

Sport and Recreation runs Swim and Survive classes in pools throughout regional NSW, including somewhere near you.

Our instructors are nationally qualified and screened for their suitability to work with children.

**Prices for nine lessons are \$63 for school-aged children and \$46 for preschoolers (prices exclude pool entry fee).**
