Principal's Note

Welcome to Week 9 Everyone. It has been a busy week at school as we organise all of our students to start working with online learning platforms. I can not thank our staff enough for the tremendous amount of professional learning they have done this week to up skill themselves and their students for this new way of learning. Our priority has been to reduce anxiety for our students and to keep the focus on their learning. We are trialling a Business As Usual model where we have tried to adapt what we do in the classroom to an online system. We also have organised packages of learning the students who don't have access to WiFi. Most of our learning uses both forms. Our students are welcome to borrow their school laptop to help with the online learning. If you are keeping your child at home please come and collect a laptop and their package.

Whilst the Premier has said that schools are open until the holidays she has also encouraged families to keep their children at home. This is to limit our interactions. We all need to do our part to stop the virus spreading. If you need to send your child to school we are open.

We will use Facebook to keep you up to date. Just please remember our social media policy. If you have any questions or concerns please contact the school directly. Teachers will be on hand to help you navigate the online learning and to answer your questions.

Since the **Wagga Wagga High School's Parent Information Night** was cancelled they have sent out a video for our parents to watch.

A lot of our upcoming events at this point in time have been cancelled or postponed.
